

Tony Stewart entered the medical gas industry in 1997. He has worked for various companies over the last two decades and opened Apex Medical Gas Systems in 2017. Tony holds several medical gas credentials including:

- ASSE 6010 Medical Gas Systems Installer
- ASSE 6015 Bulk System Installer
- ASSE 6020 Medical Gas Systems Inspector
- ASSE 6030 Medical Gas Systems Verifier
- ASSE 6035 Bulk Medical Gas Systems Verifier
- ASSE 6050 Medical Gas Systems Instructor

Tony and his team are responsible for designing, installing, maintaining, and repairing systems used to provide medical gases to patients in hospitals, clinics, and other healthcare facilities around the country. He and his team provide and teach comprehensive training programs that prepare individuals to work on medical gas systems.

Along with the knowledge and experience that Tony provides, he enjoys actively working in all facets of the medical gas industry.
